AN URBAN CONFERENCE CENTER INSPIRED BY THE MINNESOTA LANDSCAPE

Ten Unique Rooms to Meet All Your Needs

Everyone is welcome to host meetings and events at the McNamara Alumni Center—a unique urban event venue whose architecture pays tribute to the surrounding landscape. The organic connection to the Land of 10,000 Lakes is reinforced through repeated use of design elements featuring the most abundant natural resources - copper, water, and wood. From the 85-foot tall Memorial Hall, complete with a running water feature and six miles of wood lining the walls, to more than 75,000 square feet of copper covering exterior and interior walls, each space creates a visually stunning backdrop for a traditional conference or special event. The McNamara Alumni Center excels at hosting more than 500 events annually, with nearly 70 days of conferences per year, each as one-of-a-kind as the facility in which they occur and the nearly 11,000 participants who attend.

“The McNamara Alumni Center is one of our go-to venues for our all-day conferences. Attendees and presenters alike enjoy the unique ambiance — complete with natural light — as a fresh alternative to the typical hotel ballroom. As an event planner, I am always impressed with the knowledgeable and friendly staff, the ease of having a built-in AV system and stage, and the great service and food provided by D’Amico Catering. We are looking forward to working with the great team at McNamara again soon.”

— Jeannette, Event Planner

Thoughtfully Designed with Meetings in Mind

Situated on the ground floor of the McNamara Alumni Center is 35,000 square feet of intentionally designed meeting space comprised of ten distinct, adjacent rooms. Natural lighting is abundant throughout, creating a warm, welcoming atmosphere for both attendees and vendors. Most rooms include pre-set, configurable lighting schemes and the ability to play background music during breaks and meal functions. A large inventory of tables, chairs, and other furnishings allows for most needs to be met completely in-house.

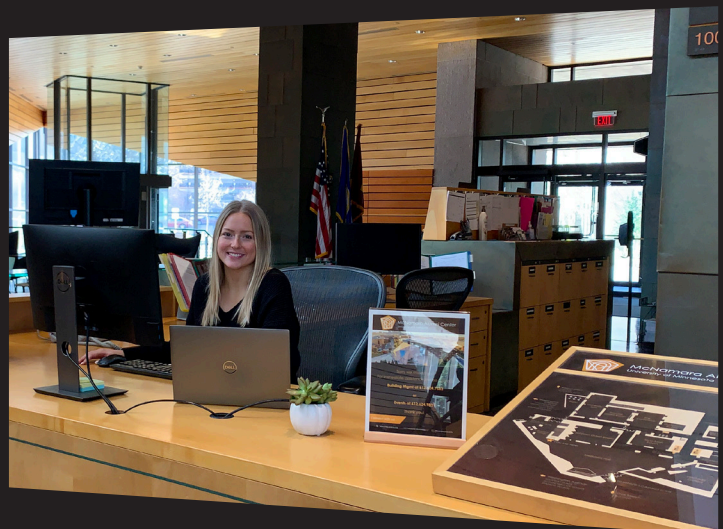

When it comes to **technology**, McNamara leads the way with the latest solutions in high definition projection, two-way audio and video conferencing capabilities with virtual and hybrid **meeting solutions**, and technology support. Most rooms include superior built-in AV, with presentation capabilities and access to free high-speed Wi-Fi. A dedicated AV Technician works onsite to ensure that technology is an enhancement to your event, not a distraction from it.

A Talented Team as Your Partners

Even with such outstanding facilities and services, it takes a team of dedicated events professionals to make them shine. We hire the best. **The Events team** at McNamara includes individuals with extensive planning experience, each of whom brings a unique perspective and resources to the planning process. With offices conveniently located at the first-floor Information desk, the staff has one goal—to help you succeed by listening to your needs, offering constructive suggestions and creative solutions, and working from start to finish to treat you like their most important client. As a popular special event venue in Minneapolis, our team also has experience working with high-profile groups including the US Secret Service, Acura, NFL, and the Ryder Cup to name a few.

“The team at the McNamara Alumni Center is spectacular and we’ve had great success in the events that we’ve hosted there over the last few years. The team is attentive and so incredibly service-oriented. I can’t thank them enough!”

Make Your Next Event the Best One Yet

"The McNamara Alumni Center staff is fantastic; they are friendly, resourceful and helpful at every point. The facility provides almost anything you could need to produce a successful event; where our needs exceeded in-house supplies, the staff was able to make referrals that were perfect for our needs. And the service comes at a reasonable price for our budget, which is quite small. We have used McNamara Alumni Center for our event for years now for the convenience of the location, effectiveness of the space, and professionalism of their event team."
